A1 Write an algebraic expression for: n add six	A2 Write an algebraic expression for: six add n	A3 Write an algebraic expression for: n take away three	A4 Write an algebraic expression for: three take away n
B1 Write an algebraic expression for: seven times n	B2 Write an algebraic expression for: n times seven	B3 Write an algebraic expression for: n divided by five	B4 Write an algebraic expression for: five divided by n
C1 Write an algebraic expression for: n more than four	C2 Write an algebraic expression for: four less than n	C3 Write an algebraic expression for: n less than nine	C4 Write an algebraic expression for: nine more than n
D1 Write an algebraic expression for: n multiplied by five	D2 Write an algebraic expression for: n shared between three	D3 Write an algebraic expression for: three lots of n	D4 Write an algebraic expression for: n doubled
E1 Write an algebraic expression for: two shared between n	E2 Write an algebraic expression for: n subtract six	E3 Write an algebraic expression for: n subtracted from six	E4 Write an algebraic expression for: n squared

WORDS INTO EXPRESSIONS

Ref: G211. **3F1**

A1 Write an algebraic expression for: n add six $n+6$	A2 Write an algebraic expression for: six add n $6+n$	A3 Write an algebraic expression for: n take away three $n-3$	A4 Write an algebraic expression for: three take away n $3-n$
B1 Write an algebraic expression for: seven times n $7n$	B2 Write an algebraic expression for: n times seven $7n$	B3 Write an algebraic expression for: n divided by five $\frac{n}{5}$	B4 Write an algebraic expression for: five divided by n $\frac{5}{n}$
C1 Write an algebraic expression for: n more than four $4+n$	C2 Write an algebraic expression for: four less than n $n-4$	C3 Write an algebraic expression for: n less than nine $9-n$	C4 Write an algebraic expression for: nine more than n $n+9$
D1 Write an algebraic expression for: n multiplied by five $5n$	D2 Write an algebraic expression for: n shared between three $\frac{n}{3}$	D3 Write an algebraic expression for: three lots of n $3n$	D4 Write an algebraic expression for: n doubled $2n$
E1 Write an algebraic expression for: two shared between n $\frac{2}{n}$	E2 Write an algebraic expression for: n subtract six $n-6$	E3 Write an algebraic expression for: n subtracted from six $6-n$	E4 Write an algebraic expression for: n squared n^2
